

Reflection Report

Unit code: COS40006

Unit Name: Computing Technology Project B

Submission date:

[This is a template, remove any text within third brackets before submission]

[This report contains reflection on your individual journey in the two project units COS40005 Computing Technology Project A (Semester 1) and COS40006 Computing Technology project B (Semester 2). The reflection is from individual perspective, the team related reflections should go into the Final Sprint Report.]

ACKNOWLEDGMENT OF COUNTRY

[Add a statement on acknowledgment of the country.]

I identify:

the Traditional Owners of the land they lived on while completing this work (if living in Australia)

1. EXECUTIVE SUMMARY

[Provide a brief and executive summary of the contents of this report in this section.]

2. REFLECTION ON INDIVIDUAL ACHIEVEMENTS

[Add a description on the individual achievements you made during the course of the project development. A good way to do this is to list your capabilities, understanding before and after the project, so that you can clearly find out the new ones. **Every claim needs to be supported by evidence!**]

3. REFLECTION ON INDIVIDUAL CHALLENGES

[Add a description of the challenges you faced during the project work and ways you have taken to overcome those challenges. A critical analysis is expected. **Every claim needs to be supported by evidence!**]

4. REFLECTION ON INDIVIDUAL CONTRIBUTION

[Add a reflection on the contribution you made to the project. Please be critical in reflecting on the contribution so that a clear take away or improvements can be identified for future. **Every claim needs to be supported by evidence!**]

5. REFLECTION ON INDIVIDUAL SKILL DEVELOPMENT

[Add a reflection on the skill set you have developed during the project work, please consider all type of skills – technical skills, soft skills etc. **Every claim needs to be supported by evidence!**]

6. TAKE AWAY

[This section should contain a description of what you would do differently if you were assigned to the project again (starting from scratch). You can also include any other individual reflection you would like to do in this section.]
