

Research Report (Due Week 6)

Start Assignment

- Due Oct 10 by 23:59
- Points 100
- Submitting a file upload
- File Types pdf
- Attempts 0
- Allowed Attempts 3

In this assignment, students must conduct research and apply critical thinking to understand the business, technical domain, end-users, and the professional ethics related to the project they will work on. A literature review can be very helpful in preparing the document. Students need to provide appropriate references in their report.

This is an **individual** assignment.

[Google Scholar](https://scholar.google.com.au/)  (<https://scholar.google.com.au/>)

Academic Integrity

Work deemed to be largely similar to other student work or previously published work will not be marked. Turnitin similarity scores over 25-30% will be checked carefully.

Late Penalties

10% of achieved mark per day. Note: These may be applied after results have been released.

Rubrics

See below for rubrics that explain how this assessment will be marked.

Research Report Rubric

Criteria	Ratings			Pts
Cover page	0 pts Satisfactory Cover page contains a title, task number, unit details and submission date	0 pts Unsatisfactory Cover page is missing information		0 pts
Acknowledgement	0 pts Satisfactory Statement is complete and appropriate	0 pts Unsatisfactory Statement is either incomplete or inappropriate		0 pts
Critical Thinking	10 to >7.0 pts Good Excellent level of critical thinking is demonstrated in synthesising information from academic research articles	7 to >4.0 pts Satisfactory A good level of critical thinking is demonstrated in synthesising information from academic research articles	4 to >0 pts Unsatisfactory In-depth and appropriate extraction of relevant information from less than 3 academic research articles Some references are missing	10 pts
Depth of opinion/prediction/recommendation	5 to >3.5 pts Good Clear, innovative and practical future directions presented All future directions are - guided by the research findings and justified with personal viewpoint	3.5 to >2.0 pts Satisfactory Missing one of these: (1) Clear, innovative and practical future directions presented (2) All future directions are - guided by the research findings and justified with personal viewpoint	2 to >0 pts Unsatisfactory Both are missing: (1) Clear, innovative and practical future directions presented (2) All future directions are - guided by the research findings and justified with a personal viewpoint	5 pts
Quality of report	10 to >7.0 pts Good Visual presentation is professional with page, table, figure numbering, consistent fonts, appropriate level	7 to >4.0 pts Satisfactory One of these are missing: (1) Visual presentation is professional with page, table, figure numbering,	4 to >0 pts Unsatisfactory Both of these are missing: (1) Visual presentation is professional with page, table, figure numbering,	10 pts

Criteria	Ratings			Pts
	of headings with meaningful titles Both - in text and bibliographic referencing use one consistent style	consistent fonts, appropriate level of headings with meaningful titles (2) Both - in text and bibliographic referencing use one consistent style	consistent fonts, appropriate level of headings with meaningful titles (2) Both - in text and bibliographic referencing use one consistent style	
Research on Problem Domain	15 to >10.0 pts Good Evidence of rigorous research on problem domain, and excellent synthesis of information collected, Good justification of informed decisions made	10 to >5.0 pts Satisfactory Evidence of research to some extent on problem domain, and a good synthesis of information collected, Some justification of informed decisions made	5 to >0 pts Unsatisfactory Evidence of very minimum research on the problem domain, minimum to no synthesis of the information collected	15 pts
Research on End Users	10 to >7.0 pts Good Evidence of rigorous research on problem and solution domain, and excellent synthesis of information collected, Good justification of informed decisions made	7 to >4.0 pts Satisfactory Evidence of research to some extent on end users, and a good synthesis of information collected, Some justification of informed decisions made	4 to >0 pts Unsatisfactory Evidence of very minimum research on end users, minimum to no synthesis of the information collected	10 pts
Research on Solution Domain	15 to >10.0 pts Good Evidence of rigorous research on solution domain, and excellent synthesis of information collected, Good justification of informed decisions made	10 to >5.0 pts Satisfactory Evidence of very minimum research on the solution domain, minimum to no synthesis of the information collected	5 to >0 pts Unsatisfactory Evidence of research to some extent on solution domain, and a good synthesis of information collected, Some justification of informed decisions made	15 pts

Criteria	Ratings			Pts
KoST Analysis	15 to >10.0 pts Good Excellent mapping of Knowledge skill and technology related to the project and available in the team. Gaps are indicated with a plan to overcome those	10 to >5.0 pts Satisfactory Somewhat mapping of Knowledge skill and technology related to the project and available in the team. Some gaps have been identified with very minimal plans to overcome	5 to >0 pts Unsatisfactory Insufficient KoST analysis, gaps are not clear, no or insufficient plans made	15 pts
Ethical Consideration	20 to >13.0 pts Good Found relevant ethical principle/protocol/standard to review the project with, excellent critical analysis demonstrated in the review and specific plans are given for the project work following the ethical principle/protocol/standard	13 to >7.0 pts Satisfactory Found some ethical principle/protocol/standard to review the project with, good critical analysis demonstrated in the review and generic plans are given for the project work following the ethical principle/protocol/standard	7 to >0 pts Unsatisfactory Found some ethical principle/protocol/standard to review the project with, however not all are relevant, lack of t critical analysis demonstrated in the review and no or insufficient plans are given for the project work following the ethical principle/protocol/standard	20 pts
Total Points: 100
